Illinois Department of Transportation Notice of Funding Opportunity (NOFO)

Aviation Fuel Tax Program

22-2511-01

A. Program Description

An airport owner/sponsor may use these funds for any purpose for which airport revenues may be lawfully used. Grant recipients should follow the FAA’s Policy and Procedures Concerning the Use of Airport Revenues (“Revenue Use Policy”), 64 Federal Register 7696 (64 FR 7696), as amended by 79 Federal Register 66282 (79 FR 66282). The Revenue Use Policy document defines permitted and prohibited uses of airport revenue.

B. Funding Information

30 ILCS 105/6z-20.1

C. Eligibility Information

1. Eligible Applicants

An entity may not apply for a grant until the entity has registered and pre-qualified through the Grant Accountability and Transparency Act (GATA) Grantee Portal, www.grants.illinois.gov/portal. Each entity should check with their County or Municipalities' highest level (generally the treasurer, clerk, etc.) to see how they are currently registered in the GATA portal. Registration and pre-qualification are required annually. During pre-qualification, verifications are performed including a check of federal SAM.gov Exclusion List and status on the Illinois Stop Payment List. The Grantee Portal alerts the entity of “qualified” status or informs how to remediate a negative verification (e.g., inactive DUNS, not in good standing with the Secretary of State). Inclusion on the SAM.gov Exclusion List cannot be remediated.

For Local Governments there are two types of registrations, which include:

- Centralized - primarily for Local Governments (most common type) - Counties and Municipalities with multiple departments and divisions where the funds/awards go to the county or municipality's highest level and then to the specific division or department. The highest entity level would register for all departments and divisions. All entities that fall under this centralized registration would be listed/identified in a “Grantee Note” by the registrant or the registrant can obtain assistance from DOT.GATA@illinois.gov to enter in the additional entities for them. All of the awards for any of the entities listed would go to the registered FEIN, DUNS and GATA registration (a.k.a. Organization ID) numbers listed on the centralized registration. **One** Internal Control Questionnaire (ICQ) would be completed and **ONE** Indirect Cost Rate would be identified for all entities identified under the registration.
- Parent/Child - primarily for Local Governments (least common type) - Counties and Municipalities with multiple departments and divisions that have their own DUNS numbers AND receive the funds/awards directly. The funds/awards DO NOT go through the highest level. The highest entity (the parent) level would register their FEIN and DUNS, complete an ICQ and select an indirect cost rate.

Eligible applicants are public-use public-owned airports in Illinois.
Grants to units of local government from the Fund shall be distributed proportionately based on equal part enplanements, total cargo, and airport operations. With regard to enplanements that occur within a municipality with a population of over 500,000, grants shall be distributed only to the municipality.

2. Cost Sharing or Matching

3. Indirect Cost Rate

(iv) Be registered in SAM before submitting its application. Use Policy, the funds may not be used for any purpose not related to the airport. For grants to a municipality with a population of more than 500,000, "airport-related purposes" means the capital costs of: (1) an airport; (2) a local airport system; or (3) any other local facility that (i) is owned or operated by a person or entity that owns or operates an airport and (ii) is directly and substantially related to the air transportation of passengers or property, as provided in 49 U.S.C. 47133. For grants to a municipality with a population of more than 500,000, "airport-related purposes" also means costs, including administrative costs, associated with the replacement of sound-reducing windows and doors installed under the Residential Sound Insulation Program. In each State fiscal year, the first \$7,500,000 attributable to a municipality with a population of more than 500,000, as provided in subsection (a) of this Section, shall be transferred to the Sound-Reducing Windows and Doors Replacement Fund, a special fund created in the State Treasury. Subject to appropriation, the moneys in the Fund shall be used for costs, including administrative costs, associated with the replacement of sound-reducing windows and doors installed under the Residential Sound Insulation Program. Any amounts attributable to a municipality with a population of more than 500,000 in excess of \$7,500,000 in each State fiscal year shall be distributed among the airports in that municipality based on the same formula as prescribed in subsection (a) to be used for airport-related purposes.

An airport owner/sponsor may use these funds for any purpose for which airport revenues may be lawfully used. Grant recipients should follow the FAA's Policy and Procedures Concerning the Use of Airport Revenues ("Revenue Use Policy"), 64 Federal Register 7696 (64 FR 7696), as amended by 79 Federal Register 66282 (79 FR 66282). The Revenue Use Policy document defines permitted and prohibited uses of airport revenue. In addition to the detailed guidance in the Revenue Use Policy, the funds may not be used for any purpose not related to the airport. Operations and Maintenance costs are eligible, so long as those costs have not already been paid by FAA assistance programs such as the Coronavirus Aid, Relief, and Economic Security (CARES) Act Airport Program, the Airport Coronavirus Response

Grant Program through the Coronavirus Aid, Relief, and Economic Security (CARES) Act, or Airport Rescue Grants through the American Rescue Plan Act of 2021.
