J. [Indirect Cost Overview](#)

1. An organization must have a negotiated indirect cost rate agreement (NICRA) with the State of Illinois, a Federal NICRA, or must elect to use the 15% de minimis rate to be reimbursed for any indirect costs within a program. All State of Illinois grantees also have the option to select "no rate" and not claim any indirect costs.
2. Awardees must select an indirect cost election in the Grantee Portal on an annual basis. Note - The election for "no rate" and "de minimis" continues indefinitely once initially selected until a new election is made.
3. All State of Illinois grantees receiving awards from Illinois grant-making agencies must substantiate or elect an indirect cost rate for their organization. Grantees that wish to negotiate a rate with the State of Illinois will start their election process in the Grantee Portal and the case will then be sent to the Crowe Resource Management Program (CRMP) to begin negotiation.
4. Please click on the [Centralized Indirect Cost Rate System](#) to begin the indirect cost rate election process and obtain access to resources and points of contact to assist your organization in completing this process.

Additional details are outlined in **Section 4: Application Contents and Format, subsection ii.**

 - a. Program Narrative: IMPORTANT: The program (proposal) narrative makes up the bulk of the application. If the program narrative is missing from your application packet, your application will receive a significantly reduced score, and the applicant organization will not meet the criteria to receive a grant under this notice of funding opportunity.
 - b. Program Narrative Sections: Please provide a complete response to the following sections. If the applicant believes that the subject has been adequately addressed in another part of the application narrative, then provide the cross-reference to the appropriate part of the narrative. If a cross-reference is not included in the section, the reviewer will consider content contained within that specific section.
 - i. **Executive Summary** (0 points)

Executive Summary (0 points): Applicants must fill in the blanks of these sentences to complete the Executive Summary. There are two options for the second paragraph; please choose the appropriate language for your application. Do not deviate from this template:

 - a. “The [Name of the organization] will have [Number of] AmeriCorps members in [the locations the AmeriCorps members will serve, e.g. – City, State or State(s)]. AmeriCorps members will [service activities the members will do]. At the end of the first program year, the AmeriCorps members will be responsible for [anticipated outcome of project]. In addition, the AmeriCorps members will leverage [number of leveraged volunteers, if applicable] who will be engaged in [what the leveraged volunteers will be doing].
 - b. *Required Cost Reimbursement grant applicants:* The AmeriCorps investment will be matched with \$[amount of projected match], \$[amount of local, state, and

Federal Funds] in public funding and \$[amount of non-governmental funds] in private funding.” OR;

- c. *Required for Fixed amount grant applicants:* e.g., EAP, Full-Cost Fixed, No Cost Slots: In addition to the AmeriCorps investment, \$[amount of local, state, and Federal Funds] in public funding and \$[amount of non-governmental funds] in private funding will support the project.”

ii. **Program Design/Description of Need** (50 points)

- a. **Community and Logic Model** (20 points): The applicant will provide a detailed summary of the community problem, and an explanation of how the applicant’s intervention(s) will lead to the outcomes identified in the Logic Model. The applicant must describe in the Logic Model:

- i. The inputs or resources that are necessary to deliver the intervention, including but not limited to:
 1. Locations or sites in which members will provide services.
 2. Setting and community condition where the intervention is delivered.
 3. Number of AmeriCorps members who will deliver the intervention.
 4. Characteristics of AmeriCorps members, including specific knowledge, skills, and abilities required to implement the intervention.
- ii. The core activities that members will deliver as part of the intervention including:
 1. Length of each activity (e.g., the total number of weeks, sessions, or months of the intervention).
 2. Dosage of each activity (e.g., the number of hours per session or sessions per week).
 3. Target population for the intervention (e.g., disconnected youth, third graders at a certain reading proficiency level).
 4. The measurable outputs that result from delivering the intervention (i.e., number of beneficiaries served, types and number of activities conducted). If applicable, identify which National Performance Measures will be used as output indicators.
 5. Outcomes that result from the intervention, including meaningful changes in knowledge/skill, attitude, behavior, or condition. If applicable, identify which [National Performance Measures](#) will be used as outcome indicators.
 6. Programs should include short, medium, or long-term outcomes. Applicants are not required to measure all components of their Logic Model. The applicant’s performance measures should be consistent with the program’s Logic Model and should represent significant program activities.

7. Applicants with multiple interventions should include the above information for each intervention in the logic model.
- b. Evidence Base (20 points): The assessment of an applicant's evidence base has two parts. First, the applicant will be assigned to an evidence tier. Second, the quality of the applicant's evidence, how the evidence aligns with funding priorities (**Section 3. Program Description i. B.**), and how the evidence supports the proposed program.
 - i. Evidence Tier (12 points): Each applicant will receive an evidence tier assessment. This is based on the relative strength of the applicant's evidence base and the likelihood that the proposed intervention will lead to the outcomes identified in the Logic Model narrative.
 1. AmeriCorps values and funds programs at all points along the evidence continuum and expects programs to progress along the evidence continuum over time. Thus, applicants should not be deterred from applying for funding due to their current evidence level. In 2025, the evidence tiers of competing applicants recommended for AmeriCorps State and National funding were as follows: 57% Strong, 11% Moderate, 25% Preliminary, 7% Pre-Preliminary.
 2. To qualify for the Preliminary, Moderate, or Strong evidence tier, applicants may submit up to two evidence documents, plus the evaluation report from their last three-year grant cycle, if applicable. If multiple evidence documents are submitted by the applicant, the most recent – as measured by the date of completion or publication– will be reviewed first, and any documents submitted beyond the allowable number will not be reviewed.
 3. The intervention evaluated in the submitted evidence documents must match the intervention proposed by the applicant in the Community and Logic Model sections of the application. (Use the Mandatory Supplemental Information (pdf) for a definition of same intervention). Applicants must meet all requirements of an evidence tier to be considered for that tier.
 4. Submitted evidence documents that do not sufficiently match the intervention will not be reviewed or receive any points.
 5. In the Evidence Tier section of the application narrative, applicants must:

- a) Summarize the study design and key findings of the evidence documents submitted, plus, if applicable, the evaluation report from their last three-year grant cycle; and
- b) Describe any other evidence that supports their program, including past performance measure data and/or other research studies that inform their program design.

6. Applicants should provide citations for the studies they describe.

- ii. Evidence Quality (8 points): Reviewers will score the quality of an applicant's evidence and the extent to which it supports the proposed program design.
 1. Standards for scoring in the Preliminary, Moderate, or Strong evidence tiers;
 2. Submitted evidence documents:
 - a) Are of satisfactory methodological quality and rigor for the type of evaluation conducted e.g., adequate sample size and statistical power, internal and/or external validity, appropriate use of control or comparison groups, etc.;
 - b) Describe evaluations that were conducted relatively recently, preferable within the last six years; and
 - c) Show a meaningful and significant positive effect on program beneficiaries or AmeriCorps members in at least one key outcome of interest.
 3. Standards for scoring in the Pre-Preliminary evidence tier:
 - a) The applicant uses relevant evidence, including past performance measure data and/or cited research studies, to inform their proposed program design;
 - b) The described evidence is relatively recent, preferably from the last six years; and
 - c) The evidence described by the applicant indicates a meaningful positive effect on program beneficiaries or AmeriCorps members in at least one key outcome of interest.
- c. Notice Priority (4 points)

Based on qualifying factors, applicants may use a Federally approved indirect cost rate if they have one, and if not, may use either –
 1. the AmeriCorps-Fixed Percentage method (five/ten percent fixed administrative cost option) outlined in AmeriCorps' [Indirect Cost Guidance](#);
 2. a 15 percent de minimis rate of modified total direct costs; or
 3. no rate.
- B. All methods must be applied consistently across all Federal awards. No more than five percent of award funds may be used to recover indirect costs on AmeriCorps State and National grants under section 121(d) of the [National and Community Service Act of 1990 \(pdf\)](#), as amended and AmeriCorps' regulations at [45 CFR 2521.95](#) and [2540.110](#).
