Program Description

The purpose of the State Participation in Local Lead Projects Program is to provide state assistance for roadway improvements or new construction that are necessary for public safety and economic development. Funding will include preliminary engineering, construction, construction engineering and contingencies. This is a non-competitive program in which program projects benefit the interests of the State or involve roadways that are under State jurisdiction. Any substantial modifications to these commitments, change in location or scope of work will cause the DEPARTMENT's commitment to be reevaluated.
