A. Program Description

Notice of Funding Opportunity Intent

The Illinois Department of Commerce and Economic Opportunity (the “Department” or “DCEO”) is issuing this Notice of Funding Opportunity (“NOFO”) to award grants to certified convention and visitors bureaus (CVBs) for the development of tourism, education, preservation and promotion of the 100th anniversary of Route 66 in 2026. The Route 66 grant program is made possible by funds appropriated in Public Act 103-0589.

Program Description

Since 1926, Route 66 defined a remarkable era in our nation's history and it lives on today in Illinois' many Route 66 roadside attractions, museums and restaurants. Route 66 is one of the most famous roads in America. Generations of travelers have romanticized this highway as a symbol of unlimited mobility and freedom of the road. Its iconic status is enhanced by the unprecedented volume of music, books, films, and other art forms that depict it as the essence of America's highway culture.

It was born in 1926 as part of the new numbered highway network and quickly grew to be the preferred road west for a nation on the move. US Highway 66 was not as old or as long as some other transcontinental routes like the Yellowstone or the Lincoln Highway, but it quickly gained fame as the shortest, year-round route between the Midwest and the coast as it passed through the fabled landscape of the American Southwest. The construction of this thin, ribbon of the road helped to transform the American West from an isolated frontier to an economically vital region of the country and made it accessible to anyone with a car.

Part of the charm of Route 66 is its idiosyncratic personality. Like a giant carnival Midway, this corridor of neon signs and gaudy roadside attractions was embraced by the traveling public as an exciting diversion from ordinary life. A trip on Route 66 promised an exhilarating pilgrimage where one might discover the unknown and experience the unusual. Route 66 is synonymous with fun and adventure.

Route 66 is also synonymous with endless opportunity. As our transportation sector evolves and electrifies, more drivers will be choosing electric vehicles (EVs) to traverse our state's roads and highways. Embracing future tourism trends like electrified transportation and promoting the state's tourism areas as EV destinations will unlock all Route 66 has to offer for EV drivers who want to shop, dine, and explore Route 66's local attractions.

In Illinois we have over 300 miles of Route 66 to travel from its starting point in Chicago to the Chain of Rocks Bridge. This funding opportunity provides the certified convention and visitors bureaus along the route to partner and develop projects which will enhance the Route 66 experience in Illinois.

Preference will be given to projects that:

- Are statewide in nature and benefit the entire Illinois portion of Route 66 from Chicago to Chain of Rocks Bridge.

NOFO ID: CSFA#-NOFO#

- Develop new or enhance existing attractions that elevate the Route 66 experience in Illinois for visitors.
- Support improved wayfinding for visitors traveling Route 66.
- Strengthen future tourism trends that includes electrified transportation (i.e., electric vehicles and preferably super chargers).

Also, we will accept an application for statewide promotional and marketing activities. The application may not exceed \$700,000. Projects can be sub-awarded to a statewide entity to serve as lead agency for implementation of the statewide projects but must be approved by DCEO by including in this application or approved during the grant term.

Program History

This is the fifth year of funding for the Centennial of Route 66.

Performance Goals and Measures

Grantees will be required to report on the expenditure of funds and the successful performance measure outcomes using the periodic financial and performance reporting templates.

The project specific performance measures shall include the following standardized performance:

- 1) Did the deliverables specified lead to the completion of the project as described within the Agreement?
- 2) Given the total amount of Grant funds available, does the percentage currently drawn and expended directly correlate to the percent of the completion of the project to date?
- 3) At the time of award closeout, has the Grantee fulfilled the public purpose of the project outlined?

Other Information

The applicant that submits the statewide marketing activities application on behalf of the certified convention and visitors bureaus along the route can submit one (1) additional application for their respective bureau's projects.

C. Eligibility Information

An entity must be registered in the Grant Accountability and Transparency Act (GATA) Grantee Portal, <https://grants.illinois.gov/portal/>, at the time of grant application. The portal will verify that the entity:

- Has a valid FEIN number (<https://www.irs.gov/businesses/small-businesses-self-employed/get-an-employer-identification-number>)
- Has a current SAM.gov registration (<https://sam.gov>). SAM.gov registrations must be marked as "public" to allow the GATA Grantee Portal to expedite the review of the federal information;
- Has a valid UEI number (<https://sam.gov>)
- Is not on the Federal Excluded Parties List (verified at <https://sam.gov>)
- Is in Good Standing with the Illinois Secretary of State, as applicable (https://www.ilsos.gov/departments/business_services/corp.html)
- Is not on the Illinois Stop Payment list (verified once entity is registered in GATA Grantee Portal); and

Entities on the Illinois Stop Payment List and/or the Federal Excluded Parties List at time of application submission will not be considered for an award.

NOFO ID: CSFA#-NOFO#

An automated email notification to the entity alerts them of “qualified” status or informs how to remediate a negative verification (e.g., not in good standing with the Secretary of State). A federal Debarred and Suspended status cannot be remediated.

At this time, federal memo M-21-20 allows entities to apply for grant awards without a valid UEI number. The UEI number must be obtained prior to grant execution. The State of Illinois has adopted this guidance for the issuance of state awards also.

Pursuant to the policy of the Illinois Office of the Comptroller, to receive grant funds from the State of Illinois, a grantee must be considered a regarded entity by the IRS for federal income tax purposes. Disregarded entities will not be eligible to receive grant funds.
